Pavlodar

## **Analysis of external environment**

The plan of development of educational programs 6B01461 Entrepreneurship in education is carried out in accordance with the Strategic plan of development of Pavlodar Pedagogical University and plans of work of the Higher School of Arts and Sports. When forming the goals of educational programs, changing conditions of the external and internal socio-political environment, legal reforms and changes in the regulatory framework of Kazakhstan in the field of education are taken into account:

- 1) Decree of the President of the Republic of Kazakhstan dated December 7, 2010 "On approval of the State Education Development Program of the Republic of Kazakhstan for 2011-2020";
- 2) Decree of the President of the Republic of Kazakhstan dated August 24, 2009 "On the Concept of Legal Policy of the Republic of Kazakhstan for the period from 2010 to 2020";
- 3) The state program of development of education of the Republic of Kazakhstan for 2011-2020;
- 4) State program of informatization of education systems;
- 5) Strategic plan for the development of education in the Republic of Kazakhstan for 2014-2020;
- 6) The plan of the nation - "100 steps for the implementation of the five institutional reforms" N. Nazarbayev.

## **Analysis of internal environment**

6B01461 Entrepreneurship in education, bachelor's degree, provided with all necessary materials for successful implementation of material and technical resources: sufficient audit fund, specialized test rooms, classrooms, non-classrooms. Educational-methodical documents include working curricula, academic calendars, catalogs of elective disciplines, UMKD in all areas of training. The content of educational programs 6B01461 Entrepreneurship in education provides a wide range of training of specialists in accordance with the name of the program and the necessary depth of training in the area determined by. The educational program will be updated annually with the registration of consumer, related to the development of international relations of Kazakhstan and its role in the system of international relations, with the amendment of the State Documents, State Planning Standards, State Plans and Standards. The modular educational program is discussed at the meeting of the Board of Higher Education Institutions, to which students and employees are invited, and then approved by the Academic Council of the University. Educational-methodical complexes of educational programs and educational-methodical complexes of obligatory and elective components are formed and constantly improved according to this OP. UMKD is developed in accordance with the GOS RK, typical and working with curricula and reflects the basic content of the discipline, which is supposed to facilitate the selection of doctoral students in the subject and the trajectory of training. All

components of UMKS and UMKD pass the examination in VS AiS, through the department of UMO and are approved at UMS University. Basic pedagogical innovations are linked to the use of interactive teaching methods. Interactive methods are based on the principles of interaction, the activity of the learners, group experience, mandatory feedback. OP teachers in the teaching process widely use interactive methods, which were taught in training seminars. In the development of discipline teachers OP use their practical experience in the field of teaching legal and economic disciplines. Qualifications of the teaching staff of the OP correspond to the profile of the educational program and the disciplines taught. Educational development plan 6B01461 Entrepreneurship in education programs is provided by an adequate staff of teachers, the number of which is determined by the number of disciplines, standards of educational workload, the contingent of students.

**Development of educational programs
