

EDITORIAL POLICY OF THE JOURNAL «BIOLOGICAL SCIENCES OF KAZAKHSTAN»

The scientific journal «Biological Sciences of Kazakhstan» was founded in 2001.

Registered by the Ministry of Culture and Information of the Republic of Kazakhstan (certificate of registration of mass media No. 9077-Zh of 25.03.2008) in the National State Book Chamber (with the assignment of the international index ISSN 1684-940X (Print), ISSN 2789-1534 (Online)).

The purpose and thematic direction of the journal: publication of high-quality research papers in the natural science field in the following sections:

- human anatomy and physiology,
- biological education,
- biotechnology,
- botany,
- genetics and molecular biology,
- zoology,
- microbiology and virology,
- paleontology,
- parasitology,
- cytology and histology,
- ecology.

The full text of the articles should be a statement of their own conclusions and intermediate or final results of scientific research, experimental or analytical activities, containing the author's developments, conclusions, recommendations that have not been previously published and have novelty; or devoted to the consideration of previously published scientific articles related to a common topic (systematic review).

Languages of publications: Russian, Kazakh, English

Frequency: 4 times a year

Territory of distribution: The Republic of Kazakhstan, near and far abroad.

Terms of publication:

Materials for publication, designed in accordance with the rules for authors (requirements for design are presented in the section " Guidelines for authors on the design of articles "of the journal" Biological Sciences of Kazakhstan " on the journal's website <https://ppu.edu.kz/ru/biologicheskienauki-kazaxstana/>) are accepted in electronic form on the website of Pavlodar Pedagogical University <https://ppu.edu.kz/ru/>.

Authors who have received a positive opinion for publication must make a payment in the amount of 7000 tenge.

Type of review: articles that have passed the initial selection for compliance with technical requirements are sent for "blind" review by at least two independent scientists. Articles that have received negative reviews are not accepted for reconsideration. Based on the reviews of reviewers and discussion of the material by the editorial board of the journal, a final decision is made on the publication of the received material.

Archiving and accessibility: the content of each issue of the magazine and the archive of previous issues are available to everyone (<https://ppu.edu.kz/ru/arxiv-zhurnala/2>).

Publication Ethics

The editorial policy of the journal "Biological Sciences of Kazakhstan" is guided by the traditional ethical principles of scientific periodicals, set out in the Guidelines on the Principles of Ethics of Scientific Publications for Journal Editors of the Committee on Publication Ethics (Committee on Publication Ethics: COPE).
